

Information regarding Witness Support

Witness Support provides information

- about the course of the trial, the parties to the law suit and the rights and duties of witnesses;
- about rights and possibilities of victims of criminal offenses;
- about further counselling and support offers outside the judiciary;
- In case of insecurity you are offered support and the possibility of personal contact;
- you will be accompanied to the court room and – if necessary – to the hearing, and you will be helped to avoid personal contact with the defendant;
- the support is directed mainly to young and adult persons who have become victims of sexual offenses, bodily injuries, domestic violence, robbery or burglary.

The support is granted free of charge, it is voluntary and confidential.

If you want to be informed or have further questions, please, contact us personally or by phone.

This may be done well before the day of your hearing as witness. If you come on the day of the hearing, you should plan to call on Witness Support in good time before the actual hearing. Social education workers will be at your disposal and ready to help you.

Witness Support can be contacted by phone under 9014-3498. It is located in Rooms B 020/021 of the Moabit Criminal Court (entry from Wilsnacker Strasse). It is accessible for handicapped persons.

We should like to inform you that there is no interpretation service.
